Embed GradeCam forms anywhere on worksheets for seamless integration into new or existing materials.

PRESENTATIONS & LAB WORK

Utilize rubrics through teacher-completed forms, while reading short-answer lab work or listening to presentations, to score students achievement (i.e. understanding of concept, group participation, safety, cleanup, etc.) on a predetermined scale (i.e. ranging from "Unsatisfactory" to "Exceeded Expectations"), scan completed GradeCam forms to instantly capture and analyze data, and then automatically transfer grades into any electronic gradebook.

If I were a parent I would want my child to come back as soon as possible and safe. So that what I think that they mean by that what I see in the election, is that Obama is trying to bring the troops back.

Obama is trying his best to bring back the troops from Iraq like he said in his speech.
