## WORKSHEETS & QUIZZES

Embed GradeCam forms anywhere on worksheets for seamless integration into new or existing materials.

## PRESENTATIONS & GROUP WORK

Utilize rubrics through teacher-completed forms, while reading group work or listening to presentations, to score students achievement (i.e. understanding of concept, group participation, research, standards, etc.) on a predetermined scale (i.e. ranging from "Unsatisfactory" to "Exceeded Expectations"), scan completed GradeCam forms to instantly capture and analyze data, and then automatically transfer grades into any electronic gradebook.

05. So to

$$\frac{23}{25}$$

First of all in my opinion when people say "Support the troops", I think that they are saying or meaning that they mean that they should bring all the troops back from war. If I were a parent I would want my child to come back as soon as possible and safe. So that what I think that they mean by that what I see in the election, is that Obama is trying to bring the troops back.

Obama is trying his best to bring back the troops from Iraq like he said in his speech.

## SHORT & LONG-FORM WRITTEN ASSIGNMENTS

Embed GradeCam forms on lined paper for written work, and then simply bubble in student scores for easy scanning and automatic grade recording.

## CREDIT/NO CREDIT

Embed GradeCam forms anywhere on worksheets to quickly and easily allocate points (i.e. homework completion). If a student completes the task/assignment/requirement (i.e. the student brought in three different types of recyclables for classroom discussion), simply scan this form and the student instantly receives full credit for the assignment. If the form isn't scanned, the student does not receive points.
